CAMPBELL FIRST BAPTIST CHURCH GETS CONDITIONAL BUILDING PERMIT

First Baptist Church of Campbell was granted a conditional permit to erect a church on the south side of Camden Avenue, near Union Avenue, Monday, by Santa Clara County Board of Supervisors.

Planning commission had previously denied permit on the grounds that there was too little off the street parking and too narrow a side yard. A church appeal was made with revision of plot plans and the supervisors granted the permit with the following provisions:

1. Immediate connection of the church to a sanitary sewer line nearby.
2. Provision for a 25-foot setback line on Camden Avenue.
3. Camden Avenue sidewalks to be located within Church property lines.
4. Surfacing of all interior driveways to keep down dust.
5. Landscaping the front of the Church.
6. Prohibition against moving an old house onto the Camden Avenue lot.

A 25-name petition from neighborhood property owners protesting the church as a traffic hazard and a possible source of noisy evening meetings was disregarded by the Planning Commission, Nestor Barrett, director-secretary of the Commision said.

Rev. R. Edward Townsend, pastor of the church, said he would see to it that the provisions are complied with, but felt that he disliked being ordered to do them. He said he felt that some of the conditions infringed on the right of a church to erect a place of worship as it chooses.

Smith Files For Fifth District Supervisor

Albert B. Smith, 31, agriculture instructor at Campbell Union High school for seven years, and part time orchardist with his father Stanley B. Smith, has filed for Supervisor from the fifth district.

In his preliminary statement of candidacy, Smith promised equal representation of all parts of the fifth district in the county government. As a resident of the unincorporated area, Smith says, he has no allegiance to any of the four incorporated cities and therefore would be able to represent all the residents of the fifth district impartially.

Smith promises full time devotion to supervisorial duties to see that the county has an honest, economical and democratic government.

Smith says he is an advocate of a County flood control program. As each new street or subdivision is created, Smith says, a new problem in storm water drainage arises. "Past experience has shown that this problem must be attacked immediately with a long-range solution in mind," he said.

Smith was born and raised on his home ranch at Vasona Junction near Los Gatos. He attended Campbell schools and was graduated from California Polytechnic College with a B. S. in agricultural education. He did graduate work at the University of California at Davis and San Jose State College.

He is a member of the Campbell Rotary Club, Orchard City Grange, and Santa Clara County Agricultural Round Table.

Ken Wallace, drama instructor of the High school, is the producer and director. The show will consist of vocal solos, skits, trios, duets, can-can dances, musical presentations, and vacation land dances, all with local adult talent.

SAN TOMAS AND CAMPBELL SCHOOL PROJECT BIDS TO START APRIL 7

Plans for completion of and additions to San Tomas and Campbell Grammar schools were given the "go ahead" by the State Division o Architecture, District Superintendent William C. Henley announced.

Trustees will advertise next week for bids on the projects to be opened on April 17. Projects include a multi-purpose room at San Tomas School and completion of unfinished classrooms now in use there. At Campbell Grammar school, the cafeteria will be completed, and the new shop and music rooms will be built.

Henley said completion of classrooms and cafeteria are expected by next September while new shop and music rooms should be ready in November.

Progress on three new schools in the district, Cypress, Rosemary and Quito, has been delayed somewhat by weather, although all three should be ready next fall. A fourth school, Hamilton, is expected to be started in late summer.

Additional classroom space available next school year should take the district off double session, said Henley, although close scheduling will be necessary. Recent surveys of the district's preschool population indicate further expansio nwill be necessary in the near future, he said.

S.C. Flood Control Receives 'Do Pass'

Santa Clara County Flood Control and Water Conservation was today included in an extension of the proclamation of Governor Warren for the Extraordinary Session. The bill was immediately referred to the Standing Committee on Water Resources and was heard by that committee and received a unanimous "Do Pass" recommendation, Senator Thompson, Vice Chairman of the Committee, presiding. The bill was amended to include the recommendations made by the three Water Conservation Districts in Santa Clara County, and it was recommended by the Board of Supervisors after a full discussion with all the interested groups.

Senator Thompson stated that the amendments will in no way impair the bill and as it now stands it will do everything that he had hoped when he originally introduced the bill during the last session of the Legislature.

LOCAL FUTURE FARMERS TO EXHIBIT IN JUNIOR LIVESTOCK EXPOSITION

Tweny-one Future Farmers of the Campbell Union High School will exhibit 56 head of hogs, three sheep and one steer at the Cow Palace in San Francisco from April 5 to 10. About 35 of the hogs were raised at the school farm laboratory of the Campbell Union High school by the Future Farmers group.

The Grand National Livestock Exposition is a fat stock show, with the animals judged on actual market grade, and sold at auction at the conclusion of the show. Campbell Future Farmers have always been active in the show, but this is the largest exhibit ever attending from Campbell.

Besides caring for their animals, boys are also given an opportunity to participate in judging contests, take educational tours, and attend a banquet given for all FFA and 4-H Club members at the Palace Hotel. Arthur L. Johnson Files For Congress

Arthur L. Johnson, endorsed candidate of the Democratic Central Committees for the vacant congresional seat in the new Tenth District, fied his nomination papers recently with Santa Clara County Registrar of Voters Eber Tarlton.

Johnson made the following statement with reference to his candidacy at the time of filing:

"Upon the urgent insistence of my many friends in both political parties I have consented to again place my name before the voters of Santa Clara, Santa Cruz and San Benito counties as a congressional candidate.

"I feel that my background in this field, in which I was active for over aquarter of a century at Sacramento and Washington, D.C., fits me for the important position I have been urged to seek. In this field there is no substitute for experience. To illustrate, I entered a vigorous protest to the objectionable portion of the bill concerning converting the South Bay into a fresh water lake so that our farmers wil have all the water they need. I asked consideration of a compromise which, if adopted, should satisfy all groups involved and yet leave open the possibility of ample water for the farmers of the Tenth District combined with tremendous development of the entire Bay area. The mater was put over for further study but, had I not appeared, the bill would have been pased by the Committee without any thought whatsoever being

The Langevins said they have met many people in the city of Campbell already and are looking forward to meeting many more. "It's a friendly little place, and we are very pleased to be here," Mrs. Langevin said.

Pete Lico, with his sister, Virginia, who have worked together since they started here in 1945, plan to take a vacation. When asked by the Press if he had any immediate business plans, Lico said that he is considering working for the Modern Bakery Company, and might take over a San Jose route.

MORTON FIRST CAMPBELL MAYOR; BONACINA IS NEW CITY ATTORNEY

The first formal meeting of the Campbell city council was held last Monday, during which Richard W. Morton was elected as the first Mayor of Campbell, and Joseph Bonacina of Los Gatos was appointed first city attorney.

Dr. J. Frederic Snyder, who polled the largest number of votes in the incorporation election, declined to accept the nomination for personal reasons and proposed Morton. Morton accepted and was elected unanimously.

Bonacina, picked tentatively last Thursday at informal interviews of interested applicants which included William Clark, Timothy O'Connor, Howard Lund, and John Thompson, was appointed city attorney.

Bonacina, former Sunnyvale city attorney, will draw a salary of $300 a month during the organizational period which will drop to $175 after the first six months.

The council agreed to have Bonacina draw up a rough draft of proposed city ordinances in codified form to be discussed by council members at the next meeting.

The council, until funds are available, will attempt to continue police, protection and health services now offered by the county until money is forthcoming from the state or other sources to set up local departments.

Dr. Snyder wondered how come the population figure for the city of Campbell is listed at 4,000, as given in the certificate of incorporation, when it is assumed locally to be 6,000 or 7,000. The population is figured on the basis of 3½ times the registered voters. The only accurate method of determining the population, its was pointed out, is by census count which would cost the city in the neighborhood of $7,000.

An attempt will be made to up the figure to a more nearly correct county, since State funds are allocated on the basis of population. The city is depending on these funds to begin operations.

Mrs. Viola Krug, city clerk, read a report from the Country Woman's Club which will permit the council to use their clubhouse for $10 a month for meetings.

The council will begin acting on the first of the new ordinances on Monday night.

SHERIFF'S OFFICE TO CONTINUE CITY POLICE DUTIES

Richard W. Morton, new mayor of Campbell, has arranged for continued police protection from the Sheriff's office as suggested by the city council at their meeting Monday evening.

Morton has the assurance of the Sheriff's office that they will continue to give the same service as previously, until the City's finances are in shape to set up a police organization of their own. The Sheriff's office has posted an order to this effect.

The move was suggested at the last meeting of the city council when it was feared that due to the incorporation election, police services would be discontinued. The financial condition of the new city, however, is in no position to establish a police department at this time, Morton said.

Rotary Hears Talk On Leaf Analysis

Henry Stoner, of Campbell Stoner Laboratories and Mr. Warswick of the Agricultural Extension Service of the University of California gave an illustrated lecture on chemical analyses and special referee work on technical ideas at the local Rotary meeting, Monday at IOOF Hall.

Ralph Hyde, Campbell Water Company, was the projectionist.

The Stoner Laboratories, started in 1946 in Campbell deals with technical problems confronting local industries, and consists of a staff of trained personnel to solve problems such as determining vitamin content in food formulas plate solution analyses, spray residue problems and other referee work on technical ideas, the lecturer pointed out.

The company now employs up to ten analysts, according to Stoner, for the seasonal leaf analysis which attempts to answer questions such as: Is fertilizer nessary? How much? What kind?

The three basic fertilizers, the lecture illustrated, were Nitrogen, Phosphorous, and Potash, with Calcium, Manganese, Sodium, Chloride, and Zinc assuming important positions.

"Chemical analyses determines the relative importance and composition of the various ingredients," Stoner said.

Campbell Rotary welcomed new member Neal Royer, vice-principal of the Campbell Union Grammar School at the last meeting.

Other matters discussed were: Campbell Rotary participation along with other service organizations in the area in the National Red Cross solicitation.

Pans for the joint meeting with Santa Clara on April 17, were also discussed.

BUSINESS WOMEN HEAR STUART SPROUL TALK ON DECORATING

Campbell Business and Professional Women's Club held its regular dinner meeting March 26, featuring an outstanding and qualified speaker, Mr. Stuart Sproul. Mr. Sproul was formerly with Marshall Field Co. of Chicago, and has been assistant editor of "Interior Architecture and Decoration," for professional decorators, art director of Publix Theaters Corporation, Interior Decorator and Foreign Buyer for Bullocks and from 1945 to the fall of 1951 was in the Orient —Honkong and Manila, exporting native crafts to the United States.

Unsettled political conditions in the far east caused him to return to the United States and settle in the Santa Clara Valley. At present he is associated with Dorothy Comte of San Jose and they anticipate opening an Interior Decorating business in the near future.

Mr. Sproul's travels and studies as well as business connections in many countries in Europe and the Orient have well prepared him for his business, which was the subject of his discussion. He presented a concise expanation of the four basic styles of decoration: Renaissance, Baroque, Rococo and Neo-Classic, on which all fashions are based. As further background to understanding decoration, he contrasted the Newton and Helmholtz color theories. As he presented the principles involved in decoration, he pointed out the need of a professional decorator to have technical training, practical experience, personal qualifications and an understanding of people to to meet their individual problems and needs. Two fallacies he refuted were that decorators are expensive—they charge nothing for their services, and that they dictate what should be done in your home —a dependable decorator aims to meet the needs and preferences of the client.

A valuable and interesting question period was a climax to the program provided by Diana Payne and Cecile Schad.

The meeting closed with a report from the nomination committee and the electing of delegates and alternates for the Annual Bay District Conference in San Francisco. The delegates include Thelma Solari, Doris Jansen, Edith Brandt and Dorothy Ellis. The alternates are Mickey Mirassou, Marie Tunstall, Lucy Alderman and Eva Grattan.

Bill Budworth, 1021 Lovell St. has enlisted in the U. S. Air Force. He will take his basic training at Parks Air Force Base. After his basic training is completed, he will be sent to a technical school of his choice.

Mrs. Harold Peck was organizer of the group and was president for the first two years. Succeeding presidents have been Mrs. J. Cantoni, Mrs. Henry Parysek and Mrs. J. N. Corvelo. Through the years the club has had many speakers and demonstrations to help each member know her flowers and horticulture better. To become a member a woman has only to be an enthusiastic gardener and to try to make her home a thing of beauty.

All Fools Dance For Cootiettes

An All Fools Dance was enjoyed on the night of March 29th by El Caminito Cootiette Club 226, at the West Parr Avenue home of Mr. and Mrs. Bill McCurdy. Co-hostesses with Mrs. McCurdy were Mrs. Earl Reavis and Mrs. John Richard.

Decorations in red and white, the cootiette colors, adorned the McCurdys' rumpus room, where 32 members and guests in cootie costume danced to recorded music, played charades and held a balloon-passing tournament. Sandwiches, salad, potato and pickle chips and coffee were served.

Among honored guests were Mr. and Mrs. Bert Bertolucci of Santa Cruz, respectively Grand High Gimlet (grand junior vice commander) and Grand Pious Louse (chaplain); Mrs. Charles Chubb of Campbell, Chief Grayback (president); Mr. Frankie Piumarta of Sunnyvale, Chief Seamsquirrel (commander), and Mr. and Mrs. George Orr of Campbell.

Proceeds from the dance will be turned over at the next scratch (meeting) to the organization's hospital fund. The Military Order of Cooties, fun order of the Veterans of Foreign Wars, of this area, gives, as a continuous project, a party on the second Monday of each month at the Palo Alto Veterans' Hosptal. Each party is held from 7:00 to 9:00 p.m. in the wards, which are entertained successively, one per month. Cooties and cootiettes wear their official costumes at these functions; the costume consists of white shirt and trousers(or white dress), red jacket, necktie and anklets, white shoes and a red hat covered with little bugs. Members of the group play bingo and cards, sing and dance with the patients. A new program for this rehabilitation work is planned every month. Cooties and cootiettes are represented at shows performed for the hospitalized veterans, and many attend the regular dances given for out-patients each Tuesday evening.

SCVAL Track Meet Costs Bucs 86-26

The 1952 SCVAL cinder campaign opened last Thursday with Junior Morgan's Bucs invading Santa Clara, only to suffer an 86-36 defeat on the Panther oval.

The Panther pack, paced by Jay D. Brown and To mSindel, had too many "hosses" for the local cindermen.

The Santa Clarans also took the Class C division, 58½ to 36½; and the D division, 43½ to 42½. Campbell swept to the fore in the B class 71 to 42.

Brown sped to wins in the 100 and 220 yard dashes and broad jump. Sindel won both hurdle races and tied for the hop, step and jump.

The Bucmen were led by Bob Ciraulo, Dennis Dunne, Gary Hoover, Manuel Macias, Bob Van Gorkham, Ed West, and Paul Pratt.

Dunne copped two first places for Campbell in the B meet.

Clark Yamasaki grabbed three firsts for the Panthers in the C meet. Clarence Nunes of Santa Clara's D team nabbed a pair of firsts.

Mills capped the afternoon performance with an eight strike-out total.

INDIANS SCALP BUC BATMEN, 4-2

In their first league outing at Sunnyvale against Fremont's Indians, George Miskulin's Campbell High Batmen ended up on the wrong end of a 4-2 count.

A four-run spree in the opening frames sparked by a round-trip wallop by Fremont's Check Reynolds in the first, kept the Indians in the lead throughout the contest.

Campbell tallied twice in the seventh when Tom Rhodes walked, and Bacon singled to deep right field. Rhodes came home on a bobble by Ed Knesavich. Dick Farruggia singled to score Bacon for the final count.

The Indians tapped Buc pitcher Ron Bacon in the early innings for four runs. Rod Osterlund downed five Campbellites by way of the strike out route and held the losers to five hits.

Campbell High Sports Summary

With the advent of good weather, high school sports have swung into high gear with all Spring squads seeing plenty of action.

Today's fare includes a golf meet with James Lick on the La Rinconada course at 3:30. Coach Tom Dusek's Comets are spearheaded by Ernie George, topnotch local clubber. In their first meet of the season, the Campbellites will face a squad basking in the warmth of a twenty game win streak.

Coach Fred Gugat's paddle crew spent from a two-loss workout with Fremont and Santa Clara in their last two outings will put their respective toesies to the acquatic grindstone in preparation for their next triple meet with Willow Glen and Santa Clara in the Saint's pool, April 15.

The workout with Fremont cost them a 43-32 dunking.

Santa Clara whipped them 41-34.

So far Santa Clara leads the three-team circuit with a two-win score. Fremont has a 1-1 record.

The Campbell nine faces the Mountain View Eagle-eyes today. Bob McElrath or Ray Kakaki for the visitors is expected to toe the mound against the locals. Those who are uncertain of their residential status may have the situation clarified by visiting the office of the Franchise Tax Board at 273 North First Street, San Jose or by telephoning CYpress 3-9283.

Gas and electricity are cheap in California!

Seagoing ships move 1½ million tons of cargo a year through the inland Port of Stockton

P.G. and E. home rates are far below U.S. average!

The cost of living has nearly doubled since 1940, but P. G. and E. domestic rates are actually lower than they were then! Nothing else you buy costs so little—does so much. Let P. G. and E.'s bargain gas and electricity do more of your work, bring you more of life's comforts.

Take STOCKTON for example:

Typical residential gas and electric bill

In Stockton $8.66

In all U.S. cities of similar size* . . $15.62

*Average for the 18 U.S. cities outside California between 70,000 and 75,000 population. Based on a typical use of 100 kilowatt hours and 100 therms of gas per month.

Quilted Fashions Hit New High

The "Quilted Fashion" is expected to hit a new high, carrying over from spring into summer! This fashion has relly "caught on"—women like it! It was not designed only for cold weather—a survey shows that women prefer it in the south even in warm weather.

Quilted dresses, jackets, and vests are designed for every occasion—sports, afternoon and evening wear. Capes, coats and evening wraps are being added to many of the spring and summer lines.

You can find just about any combination of fabrics in this fashion that you want. It gained popularity in the cotton field, but now you can find crisp silks and rayons too, in every solid shade of the rainbow. Some are printed, the gold printed designs proving very popular. You'll find glistening white quilted skirts studded with brilliants, and some with an added painted or embroidered decorative design.

If yo uenter into the spirit of the "quilted fashion," The National Institute of Cleaning and Dyeing has a recommendation to make and a reason for making it!

In making a quilted fabric, a filling called "batting" is placed between two separate and distince fabrics. It is held in place by a quilting thread. The quilt stitching may be in a variety of patterns or designs, but is done for one purpose ... to achieve that "puffed" look. To maintain the resilience of the batting—to retain that quilted effect—have your garment cleaned and finished by a professional cleaner. Modern steam-air finishing equipment is so designed that the fabric can be steamed and finished without the use of pressure. Home pressing will flatten the fabric and destroy the appearance you liked when you bought the garment.

given to these important considerations.

"In the field of international affairs, the voters of this District can trust me to vote to carry out our obligations as the leading democratic nation of the word and and to fight aggression and tyranny at every turn, to the end that we wil have security and peace.

"In the domestic field, I will fight inefficiency, waste and corruption with equal vigor. My record as a gang buster in cleaning up the gangs which controlled the police courts in San Francisco in 1918, when just fresh from college, speaks for itself in this regard.

"In other words, I will try if elected to be the faithful servant of all the people of the District, be they Republicans or Democrats, rich or poor, powerful or weak. It is in this spirit of cooperation and goodwil that I submit my candidacy to the voters of both the Democratic and Republican parties, in the hope that I can be elected in the Primary Election on June 3rd.

ODDS FAVOR MORE DEATHS BY AUTOMOBILE

The California Highway Patrol today advised careles motorists who bet their lives daily that their chances of having an accident are as great as ever, but odds in favor of their being killed are increasing.

Death edged ahead as a favorite on the basis of combined January-February figures showing statewide total of rural accidents remaining fairly stable when matched with the same period in 1951, but with percentage of fatal accidents and death climbing sharply.

A check of rural accident reports for the two periods shows only a one-half of 1 per cent rise in total accidents but almost a 15 per cent jump in fatal accidents and a 10 per cent increase in the number of fatalities.

Excesive speed was blamed for most of the additional deaths. "The faster they go, the harder they hit," commented Patrol officials
